SECURITY FACTS

You're worried about security and privacy, and so are we.

Your account is protected by a username and password that only you should know. Search engines do not crawl any of the directory data located within the password-protected portion. We take your privacy and your church members' privacy very seriously.

General Security.

We are always making sure the *Instant Church Directory* website and databases are up to date with the latest security patches to protect against any current and future security threats. To ensure your directories are safe, we only allow access to members who are entered in the directory, and directories are automatically "wiped" from devices if you remove a member from your directory.

Mobile App Security.

We built a fully secure system for all our mobile apps. Only active members you authorize can gain access to your directory, and access is revoked as soon as you change any member to inactive. If you prefer that your directory is not available via the app, simply disable the feature.

PDF Security.

One output of *Instant Church Directory* is a PDF file, which we highly recommend you password protect. We do not post these PDF files to anyone but the account administrator (you). The URL to your PDF is unique to your account. You control whether it is made public and available for search, for instance, by posting it to your church's website.

If you put the URL on your website, search engines are able to find your Church Directory PDF. It is still protected by the password you assigned and members' information is inaccessible without the password.

Member Information Security.

Even though your data is stored with us, we at *Instant Church Directory* do not access your members' data, except for specific troubleshooting purposes within the directory. All data provided by members is held securely and we do not use member information such as phone numbers or emails for marketing purposes (either internally or by selling the information to other organizations).

Online Member Directory Security.

We have a fully secure system for the online access just like the mobile app. Only members who are entered in the directory can login to the website, and once that member is removed they no longer have access. You can also make members inactive if they do not want their information to be shown on the online directory or app.

Data Storage Security.

Directory data is stored using a private cloud environment in a private data center (meaning it does not operate in a "shared environment" with others).

We use industry best practices for securing and backing up our servers and data, including proactive 24/7 monitoring of our services for possible intrusions.

BULLETIN INSERTS

November 17, 2024 – Pentecost 26 (B) Presiding Bishop Sean W. Rowe Investiture

Episcopalians around the world and in various time zones gathered to welcome the Most Rev. Sean Rowe as the church's 28th presiding bishop in a first-of-its-kind virtual investiture service, livestreamed Nov. 2 from the Chapel of Christ the Lord at The Episcopal Church Center in New York City.

Rowe, formerly bishop of the Episcopal Dioceses of Northwestern Pennsylvania and Western New York, was elected and confirmed as the next presiding bishop at the 81st General Convention on June 26.

Soon after his election, Bishop Rowe requested a simpler, scaled-down ceremony of Holy Eucharist and Investiture to encourage wider church engagement and reduce carbon footprint. A limited number of in-person attendees participated from inside the chapel.

The rich diversity within the multinational Episcopal Church was highlighted in several ways. A special “roll call” preceding the 11 a.m. ET ceremony featured video greetings from many of the church's 106 dioceses. Water gathered from various provinces of the church was combined in the baptismal font. The Litany for the Mission of the Church featured 15 intercessors who shared prayers in the following languages: Eastern Shoshone, Mandarin, Juba, German, Arabic, Hebrew, French, Anishinaabemowin, Spanish, English, French, and Xhosa.

The Rt. Rev. Michael Curry, who served as the church's 27th presiding bishop from 2015-2024, presided over the first half of the service, which included a land acknowledgment from the Rt. Rev. Katharine Jefferts Schori, who served as 26th presiding bishop; a welcome from diocesan and investiture committee representatives and House of Deputies President Julia Ayala Harris; the renewal of baptismal vows; and the presentation of the primatial staff. Bishop Jefferts Schori joined youth presentative Maya Lattimer in offering prayers for the new presiding bishop, whom Bishop Curry presented along with Bishop Rowe's family.

Bishop Rowe presided over the service of Holy Eucharist and delivered a sermon based on the Gospel passage of John 11:32-44. “I believe that it is in our gathered communities across our church where we come closest to glimpsing the real power of the story of Lazarus,” he said. “Every time we feed the hungry, care for the sick, and welcome the stranger, we are reaching for life in the face of death. As we baptize and bury God's people, as we make disciples and proclaim the gospel, as we soothe the suffering and shield the joyous, we are unbinding our congregations and setting our hurting world free.” Find links to the recorded service; worship service booklet; Bishop Rowe's sermon; and more at iam.ec/investiture.

Walk in Love The Offertory

Our Stewardship Committee is encouraging online giving through a QR code that is on our website and in our Sunday bulletin. This is easier for the accounting warden to keep more accurate records as well as other practical reasons to collect pledges.

But still, the ushers go throughout the congregation passing the brass plates for parishioners' donations. Fewer and fewer people put their envelopes in the plates as they are moving towards donating online.

Something is lost here. An empty plate, subtly ignored by many is carried by members of the congregation awkwardly through the congregation. What was an actual way of placing one's gift – oneself – in a collective contribution no longer means the same thing. Our treasures being taken up to the altar and being acknowledged was a moment of God's blessing. The plates were closely followed by the most important gift of all, bread and wine becoming Christ's body and blood. This is a walk of love!

Maybe something is missing in our service. Giving online is a private action. It does not involve your very self in the worship. We used to fumble for our envelope or search for that dollar to put in your child's eager hand. The online transaction now is between you, your phone, and your bank and this has replaced a sense of collective and humanly-felt giving.

The human emotions that are engaged on Sunday morning as we rush at home to find the checkbook or nod our head sheepishly at the passing plate saying "not today" and all the other human manifestations of our incarnation are lost in the QR code. | 

Questions for Reflection:

What are options that we can share to take the next step in the ritual of the Offertory to bring our humanity to stewardship, a challenging and changing expression of our relationship to God?

Phoebe Griswold is the Stewardship Chair at St. Luke's in Germantown, Pennsylvania and has been leading people in the walk of love for many decades.
